Foreword: The below is a lengthened description of the Letter of Intent submitted to King County for the Water Works Grant Program. The comment areas in the grant on-line form had character limits, so some of the below comments were shortened to meet that space requirement. Five goals named in the Letter of Intent are marked with an asterisk\*. The objectives (measurable steps) of the goals were not stated due to lack of space on the on-line form.

(A **goal** is a broad primary outcome. A strategy is the approach you take to achieve a **goal**. An **objective** is a measurable step you take to achieve a strategy. A tactic is a tool you use in pursuing an **objective** associated with a strategy.)
